ENHANCE-PLUS™ SURFACE TREATMENT

What is Enhance-Plus™

Uses

ENHANCE-PLUS™ is a breathable surface treatment which provides a lasting enrichment of colour and stain protection for concrete, terracotta tile, cast stone, pavers, limestone, brick, marble, granite, terrazzo and grout. Treated indoor and outdoor surfaces become easier to clean, maintain, and keep looking good for longer.

Typical applications

ENHANCE-PLUS™ is suitable for a wide variety of applications, including building facades, floors, walls, patios, garages, kitchens and entertaining areas.

Benefits

ENHANCE-PLUS™ provides deep enrichment of natural colour; hides scratches and imperfections; repels stains and soiling for easier cleaning; is able to make surfaces more resistant to acid etching; is ideal for indoor or outdoor use; has up to 90 per cent water exclusion vs control after 24 hours immersion (ASTM C 642 and ASTM C 67) and 86 per cent water exclusion vs control after 3 days immersion (NCHRP 244); on concrete pavers is classified as “Class W – low risk of slipping when surface wet” (AS/NZS.4586); is suitable for alkaline and neutral substrates; and is backed by a 5 year warranty.

Warranty

A 5-YEAR PERFORMANCE WARRANTY is offered when ENHANCE-PLUS™ is applied by an accredited applicator following written instructions and maintained regularly using the recommended maintenance system. Spills should still be cleaned up immediately to minimise absorption.

Active content

A 40 per cent active content mixture blended into a safe odourless solvent.

Pack size

1 & 5 litre metal drums.

Storage

Use product within 12 months of purchase. Keep container tightly sealed, in a cool well-ventilated place. Product is freeze-thaw stable.
