To Whom It May Concern

Mr Tibor Bode of Global Safe Technologies provided the Club with a Non-Slip Solution that we applied to all of our Toilets, Kitchen and Serving Areas.

Mr Bodes' work comes guaranteed and his staff work outside of our trading hours as to cause no inconvenience to patrons or management alike.

I can personally recommend Tibor's product to any concerned manager in these days of high insurance claims. My O.H. & S. Committee are also delighted with the Clubs decision to apply this great non-slip product.

For any further enquiries regarding Global Safe Technologies please do not hesitate to contact me on 9604-9975.
